SUMMARY

Full Stack Developer (MERN Stack) and JavaScript Instructor specializing in building scalable web applications with React, Next.js, Node.js, Express.js, MongoDB, and Firebase. Experienced in developing multi-role systems, AI-powered platforms, educational management systems, and mentoring students through hands-on, project-based learning. Passionate about software architecture, clean code, and modern web technologies.

EXPERIENCE

Key Projects:

- **CodaX Learning Platform**– Built a complete LMS featuring attendance tracking, quizzes, student rankings, task management, and dashboards using MERN Stack and Firebase.
- **Student & Training Platform**– Developed a multi-role platform connecting students with training companies, featuring AI-powered filtering and an AI chatbot.
- **Tower Map**– Developed a telecom tower monitoring system with AI-powered fault prediction, interactive maps, ticket management, and real-time notifications.

Web Development Instructor

04/2026 - Present

Delta Higher Institute for Engineering & Technology ↗

- Delivered Full Stack Web Development (MERN Stack) training for 100+ students.
- Mentored students in designing and developing real-world web applications.
- Supervised and contributed to the implementation of graduation projects using modern web technologies.
- Guided students in software architecture, RESTful API development, authentication, database design, and deployment.
- Conducted code reviews and provided technical feedback to improve code quality and engineering best practices.
- Fostered collaborative development using Git workflows and project-based learning methodologies.

Web Development Instructor – Freelance / Online

02/2025 - Present

Conducted private and online sessions for students in web development (HTML, CSS, JavaScript, React, Node.js).

Web Development Instructor

02/2024 - Present

Codax Acadmy ↗

- Trained over 600 students in full-stack web development and modern front-end frameworks.
- Designed and developed a complete learning platform (CodaX) used for attendance tracking, quizzes, rankings, task management, and student progress.
- Contributed to a measurable increase in student enrollment and engagement.
- Mentored students through real-world projects, ensuring practical understanding of industry standards.

Web Development Instructor

01/2026 - 04/2026

Acoade Acadmy

- Teaching over 50 students using a hands-on, project-based approach focused on React, Node.js
- Designed and delivered engaging course content to enhance students' understanding of full-stack concepts.

Full Stack Developer

02/2024 - 03/2025

Telecom Egypt (we)

- Developed and optimized internal tools and customer service systems to improve operational efficiency.

- Collaborated with cross-functional teams to integrate APIs and automate workflows.
- Enhanced application performance and reliability through code optimization and best practices.

Web Development Instructor

05/2023 - 01/2025

Amircan Council (Mansoura University)

- Delivered interactive web development sessions to more than 330 students, focusing on teamwork and real projects.
- Improved student participation and project quality through innovative teaching methods.
- Supported curriculum development and performance tracking systems for trainees.

EDUCATION

Management Information Systems

10/2017 - 05/2021

M.E.T Academy

CERTIFICATES

MERN Stack Certification

SEF Academy

IC3 Digital Literacy Certification (includes Microsoft Office and Internet Technologies)

Information technology center

IT Support & System Management – Homat Watan Party

Assisted in improving and maintaining IT systems during the national elections, contributing to technical coordination and data management.

Computer Experience Certificate

During Military Service

Best Web Development Instructor Award

Amircan Council

English Language Certificate

Regional union

Business Administration Certificate

Ministry Of interior

SKILLS

HTML5

CSS3

Tailwind CSS & Bootstrap

Git & GitHub

JavaScript (ES6+)

OOP

TypeScript

React & Vite

Next.js

Node.js

Express.js

RESTful APIs

MongoDB

JWT

Postman

Role Based Access Control

Real-time Applications

AI Integration

Cloudinary

Firebase & Firebase Authentication
